

Electromagnetic dosing pump for water treatment in wells, swimming pools, boiler rooms, etc. Manual pump power control 0-100%, version 230 V. The suction and discharge set is part of the pump's basic equipment.

## Technical parameters

---

- analog pump with constant control
- manually adjustable flow
- manual filling valve
- polypropylene box with anti-fire protection and acid resistant
- power supply and fast connection input level probe
- operation indicator: LED
- degree of protection IP 65

<b>Type:</b>	02.07
<b>Q max:</b>	2 l/h
<b>Voltage:</b>	230 V
<b>Pressure:</b>	7 bar
