

Construction characteristic

- stainless steel pump body
- stainless steel suction strainer
- Stainless steel shaft
- impellers made of polypropylene
- mechanical seal
- power cable 20 m H07RN-F

Motor

- an engine immersed in an oil bath cooled by pumped liquid
- degree of protection IP 68
- insulation class F
- single-phase version with electric control box
- self-lubricating bearing
- speed 2800 rpm

Usage

- type of liquid: pure water without solid additives and abrasive material
- max. pumped liquid temperature 35°C
- max. immersion 20 m
- max. switching time 30/hour

Aplikace

- pumping water from bores, wells and reservoirs
- construction of domestic booster-sets
- irrigation
